

Town Manager's Report for July 18 - 22, 2016

Planning/ Building/ Engineering Update:

There were no site development or **Fast Track** hearings this week

Planning and Building are currently experiencing a very high volume of activity. Building received 113 new permit applications from June 1 through July 20 and Planning had 31 applications submitted in the same time frame. In the month of June, Building conducted 241 inspections and Planning had 21 site development approvals.

The City **Engineer's Report** is attached. Items in **red text** show updates in status from the prior report.

A plan showing the County's interim **bicycle safety** improvement plan for the I-280/ Page Mill Road is attached.

The June Acterra Progress Report for **Byrne Preserve** is attached.

Public Safety Update:

The **Sheriff's** weekly report is attached.

Administrative Services Update:

On July 19, 2016, Town Hall was closed to the public from 11:30am to 2:00pm for a two hour **anti-harassment, discrimination and retaliation training**. All employees are required to participate in this training every two years, or within six months of employment. The training was provided by Liebert Cassidy Whitmore and was extended to Woodside and Portola Valley. A total of 53 employees from all three agencies attended. This was a great opportunity for staff to network with their peers and a great way to stretch the training dollar for all agencies. Town staff will work with Woodside and Portola Valley to organize another training opportunity in the coming year. Photo of the training event is attached.

Non-billable legal expenditures to date for the Linebarger matter are as follows: 1. Pre-annexation litigation: **\$34,300**. 2. Post-annexation litigation **\$48,250**.

Parks and Recreation Update:

Los Altos Hills Vines & Wines Committee hosted an Appreciation Event on Sunday, July 10th at 3–6 pm and met this week for a debriefing. They came under budget for the event spending less than \$200 of the allowable \$1,000.

The [Los Altos Hills Hoedown](#) will be happening Saturday, September 10th from 3:00-8:00 pm at Westwind Community Barn. Staff has secured the [Capelo's Barbecue Food Truck](#) for the event. This year the Parks and Recreation Committee voted on adding a dance caller, whom has also been contracted. Victoria Dye Equestrian has agreed to do a horseshow and there will be loads of craft stations to be done by all.

This week staff has been focused on the **Fall/Winter Activity Guide**, which has included contracts, content and even photoshoots.

Thanks.

Carl

1	I-280/Page Mill Interchange	<p>(11-20-15) Staff met with County, Caltrans, VTA, and Palo Alto to discuss implementing the interim plan that the County had prepared to improve bicycle travel through the interchange. Caltrans stated that they would need 2.5 to 3 years before anything can be implemented, which everyone agreed was too long, County indicated that they do not have any funds, VTA and Palo Alto indicated that they would check to see if there are funds that can be used. Town staff indicated that if other agencies are contributing to the cost of the project, we would recommend that LAH also provide some financial support. (11-25-15) Mayor sent letter to County Board of Supervisors requesting that they make it a high priority to implement improvements on Page Mill Road to facilitate safer bicycle travel through the interchange. (12-11-15) Staff checking with County to see if VTA and/or Palo Alto has provided any update on possible funding for implementing an interim plan on Page Mill Road. (12-18-15) County indicated that VTA may be able to provide \$250k for the project. County is estimating the cost may be about \$450k and is looking for possible grant funds. Staff also met with Palo Alto staff and they are reviewing the County's concept interim plan and will likely be providing comments. (1-8-16) VTA has identified \$250K in leftover Measure B funding and is going to the VTA committees in January to start the process of allocating this funding to the County's interim plan. County staff will also apply for \$150K in TFCA grant funding. With an estimated cost of \$480k for design and construction, County is about \$80k short. County may be reaching out to Los Altos Hills and Palo Alto for cost sharing. (1-15-16) The staff attended the VTA TAC meeting and supported the allocation of \$250,000 of measure B fund for the County's interim plan. The committee voted unanimously to approve the allocation of funds. (1-22-16) County to set up meeting to discuss design of interim plan. (1-28-16) Stakeholders meeting scheduled for week of February 8th to discuss design of interim plan. (2-12-16) Stakeholders met to discuss ideas for the interim plan. County will be hiring design consultant to develop the draft plans for the public input process. County will also be working with VTA to apply for grant funding. (3-25-16) A community meeting has been scheduled for April 20, 2016. County also setting up a working group meeting for early April. (4-8-16) Staff attended a working group meeting on 4-7-16 to discuss options for presentation. (4-22-16) Community meeting was held on 4-20-16 with good attendance. County will review input received from the public. (5-27-16) Staff meeting with County and other stakeholders at the site to look at site distance issues. (6-10-16) County working on revised concept plan based on site visit. (6-23-16) County prepared draft layout for the interim improvements for review. County scheduling another meeting with stakeholders. (7-22-16) County prepared concept plan for the interim bicycle improvement project and expects to construct the project this year. Acterra Stewardship Progress Report to the Town of Los Altos Hills

May - June 2016

Project Promotion and Outreach

- We participated in the LAH Pathways Run/Walk by tabling and talking to event goers about Acterra Stewardship and vegetation management of the Los Altos Hills Open Space Preserves. The event was a success – we saw many familiar faces as well as engaged a new audience who expressed interest in the project. We collected a list of new contacts that would like to receive project updates and upcoming events.
- Acterra Stewardship has been sending out bi-monthly e-blasts to our email contacts sharing all of our upcoming events including Los Altos Hill Open Space Preserve events. This new outreach has been helpful in recruiting new volunteers to Byrne Preserve.

Site Assessment and Planning

- Two patches of black mustard were identified and recommended to be mowed. This is now our third year of mowing for black mustard at Byrne Preserve and with each year we are seeing a significant reduction in the mustard population.
- Deanna Giuliano, our Native Plant Nursery Director, made a site visit to Byrne Preserve to assess and advise on the native plant revegetation plans for this upcoming winter. A new planting area was identified and it was also decided to expand the woodland planting area from the first year of the project. Additionally, a plant pallet was created for both planting areas. Currently the nursery is working on seed collection and propagation.

Community Engagement and Education

- We held workdays with the following groups: five sessions of Byrne Brigade with community volunteers, one workday with the Los Altos Church of Latter Day Saints, and two corporate groups: VMware and Google.
- See the chart below for the targets we accomplished during the funding provided for May and June 2016.

Deliverable	Target	Progress	% Target Reached
<i>Workdays</i>	4	8	200%
<i>Volunteer Hours</i>	160	355	220%
<i>Educational Events</i>	1	1	100%

Invasive Plant Management

Target species	# of workdays (May-June 2016)	Progress
Fuller's teasel	5	Manually removed 90% all second-year plants in Byrne Preserve. Luckily we still have time to continue to remove the remaining 10% still standing. We hope to remove 100% of mature teasel for the third year in a row.
Purple starthistle	3	Removed second-year plants that are beginning to bolt along the lower trail and in the grassland area.
Yellow starthistle	3	A group of volunteers have been targeting a patch of yellow starthistle that is just uphill of the Moody Creek tributary. This particular patch is too small to warrant being mowed, but is located in such a place that makes it ideal for hand removal.
Bull thistle	1	Removed large bull thistle plants from the floodplain target area.
Poison hemlock	1	90% of mature poison hemlock was removed along the lower Moody Creek tributary and floodplain. While a significant portion was removed, the reoccurring population of poison hemlock possesses a serious threat to a nearby stand of native narrowleaf milkweed.
Black mustard	2	Strategic mowing of mustard was completed in May. Additionally, volunteers manually removed populations that were not accessible to the mowing equipment.

Mowing

- We identified and marked recommended mow areas for black mustard within Byrne Preserve. Additionally we met with the mowing contractor to point out the areas and explain that the targeted species was black mustard. The recommended mowing was successfully completed.
- In July we will identify, map, and mark mow areas for yellow starthistle at Byrne and O'Keefe Preserves.

Other

- We suggested that Westwind Community Barn remove a patch of poison hemlock that was growing close to some horse paddocks as well as close to the Moody Creek tributary. We were pleased that Torie acted on the suggestion and had some of her crew remove the invasive plant from the Westwind Barn property.
- Kristen Williams and Alex Von Feldt created a presentation for the Town Council that showcased project accomplishments as well as the financials associated with the vegetation management of Los Altos Hills Open Space Preserves. Additionally they attended two council meetings in case the Council had questions about the partnership.
