

Los Altos Hills Neighborhood Clean-Up

Date: March 26, 2022

Time: 9am – 3pm

Location: Foothill College Main Campus, Parking Lot 6

GreenWaste staff:

Victor Torres

Jimmy Pula

Willis Pacheco

Ereida Atayde

Viviana Balleza

Ramona Contreras

Total car count: 586

Totals:

E-Waste – 1.51 tons

Metal – 2.81 tons

MSW – 64.15 tons

Total tons: 68.47

Upon arrival at 8:30 AM, all trucks, debris boxes, and GreenWaste staff had arrived. By 8:45 AM GreenWaste staff finished final preparations, including propping up the canopy at the check-in site, setting up the tables, hand sanitizer, paper towels, extra masks and A-Frame's containing the social distancing and safety protocol signage.

After the safety huddle, staff began letting cars in just a few minutes shy of 9:00 AM. Someone at the entrance was checking the loads of material. We were positioned up front at check-in to verify residents. Operations staff were split up across the parking lot to control and direct traffic. There was one trailer that exceeded the 4' x 8' limitation. One non-Los Altos Hills resident was turned away.

Overall, the event ran safely and smoothly, and the residents were thankful for the event and our service. The entrance to parking lot 6 was sealed off promptly at 3pm and no cars had to be turned away.
