Housing Element

On March 17, the HCD issued a comment letter to the Town requesting additional revisions and re-adoption of the Housing Element for the Town to regain compliance.

At 6 pm on April 10, 2023, the City Council will hold a special meeting to re-adopt the revised Housing Element. The meeting will be held in person at the Town Hall, with the opportunity for residents to attend virtually, and will be live-streamed on the Town's website and via zoom.

Other Updates

On April 5, Senior Planner Elaine Ling attended Santa Clara County Planning Official Monthly Meeting. Campbell is the first jurisdiction in the County to receive HCD's Housing Element compliance determination, pending their City Council's adoption in mid-April.
