RESPONSE TIME SUMMARY

#	DATE/TIME	RESPONSE TIME	EVENT	PRIORITY	COMMENTS
1	6/23/23 3:34 PM	54m 8s	23-174-0252	2	At the time of this reported suspicious vehicle, the swing shift deputy was handling a residential alarm call in another part of town. Once the deputy cleared the alarm call, he responded to investigate this vehicle. The delay caused us to miss our target response time by about 40 minutes.
2	6/19/23 5:50 AM	37m 36s	23-170-0042	2	When this call of a residential alarm came in, our night shift deputy was ending his shift for the night and our day shift unit was just beginning our day. In the interest of being fiscally responsible and avoiding overtime charges, the decision was made to allow this call to pend until the day shift unit could respond. The day shift unit began his response shortly thereafter, but the delay in response from the Cupertino substation caused us to miss our target response time by about 33 minutes.
