RESPONSE TIME SUMMARY

#	DATE/TIME	RESPONSE TIME	EVENT	PRIORITY	COMMENTS
1	9/5/23 6:22 AM	91m 43s	23-248-0029	3	This was a call of a prior burglary with verification there were no suspects on scene. The call came in at a time where the night shift deputy was going home and the day shift deputy was about to start their shift. In the interest of being fiscally responsible and avoiding overtime charges, the decision was made to allow this call to pend response until the day shift deputy was available. The delay caused us to miss our target response time by about a hour.
2	9/8/23 7:18 PM	57m 6s	23-251-0331	3	At the time of this call, nearly all West Valley Patrol deputies were responding to and handling a bomb threat call in another area of Los Altos Hills. Once a unit was available, we were able to respond and investigate this incident. The delay caused us to miss our target response time by about 37 minutes.
3	9/6/23 10:39 AM	148m 58s	23-249-0153	3	When this call of a previously stolen trailer came out, our Los Altos Hills deputy had just begun the follow-up and recovery of the stolen vehicles from the event listed under #1 above. When it became clear the call above was going to take an extended amount of time, a deputy from another contract city responded to handle this investigation, but was extremely extended.
