MESSAGE FROM THE SHERIFF'S OFFICE

Our County Communications switched to a new Computer Aided Dispatch (CAD) system Tuesday, September 12th, which will update an antiquated dispatch system for the Sheriff's Office, County Fire and EMS.

Unfortunately, there have been a few system issues that we are trying to resolve, one of them being that we are not able to extract the response times for priority calls. Our IT team is working on a work-around or patch, so that we are able to provide that information to our communities.

We apologize for the inconvenience and as soon as the information is available to us, we will resume providing it to our communities. In the meantime, we will continue to provide a weekly summary of crime reports taken in our communities.
