**The
LAH
PUBLIC ART
COMMITTEE**

WHO WE ARE

We are volunteers who live in LAH. We all love art. Some of us also create art as working artists. Our backgrounds span various science, technology and business disciplines & teaching.

WHAT WE DO

We are a working committee. We identify, then install art on town lands to complement and draw more attention to LAH's natural beauty. We've placed donated and acquired art pieces at several locations. Our goal is to continue selectively choosing the "right" art for our quasi-rural town; art and nature must be properly balanced to suit LAH.

'Blue' by Jeanne McCandless

JOIN US!

We welcome art-enthusiast, hands-on, new members to the Public Art Committee. Application forms are on the LAH town website or available from the Town Clerk.

ART MEETS TECHNOLOGY

We've just launched a brand new Digital Art Gallery online. The gallery showcases the talents of town artists (painters, sculptors, photographers, etc.) via a monthly rotating fine art display. Guidelines for artists are on our website.

With this gallery we explore new ways for the community, culture and technology to interact.

To view the current online Digital Art Gallery, visit:
