

FIRE PROCEDURE

R – Relocate persons in immediate danger.

A – Activate the nearest fire alarm and call 9-1-1.

C – Confine the fire by closing the doors.

E – Extinguish the fire and Evacuate the building to the parking lot.
Remain there for Roll Call and instructions.

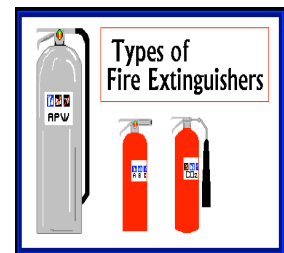

FIRE EXTINGUISHER OPERATION

P – Pull the safety pin (twist + pull action)

A – Aim the nozzle or horn at the base of fire

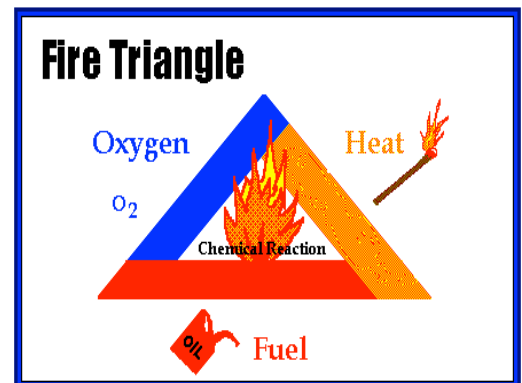

S – Squeeze the trigger handle. This releases the extinguishing agent.

S – Sweep slowly from side-to-side at the base of the fire until it appears to be out.

Never Fight A Fire if...

- It is larger than a trash can
- It has already spread from its starting point
- It might block your escape
- You are unfamiliar with the fire extinguisher
- You are alone. Always work with a buddy!

Charge your home extinguisher every 2-3 years.
See yellow pages heading "fire extinguishers"

Turn fire extinguisher upside down occasionally to prevent the dry chemical from getting packed down.
