INTERESTED IN HELPING THE TOWN EXPLORE BETTER BROADBAND OPTIONS?

Take This Survey

AND BE HEARD!

The purpose of the survey is measure internet speed, gauge current/future needs, and rate satisfaction with the current provider. Help the Town determine if it should explore better or more options in broadband service. This survey will provide valuable information that will help the Town in the preparation of a Broadband Needs Assessment. The information will help us explore options on how or whether to support new or improved broadband options for the Town residents.

The information you provide will inform our research and potentially help us apply for available grants.

Please visit bit.ly/Fiber_Survey to take the survey.

Survey will be live until Friday, December 7, 2022.
